Orientation for April term will be on **Thursday 11th April 2024, 18:00 – 20:00 SGT via MS Teams**

Dates are indicated where available for modules and are subject to change.

Term dates and submission dates will be confirmed no later than 4 weeks prior to the start of each module.

All modules have online learning components. These can be completed flexibly during the indicated timetable and we recommend students allow 12 hours of learning per week for each module. The detailed timetable of each module is provided prior to the start of term. Provisional assessment results are available to students approximately 4 weeks after submission.

* Face to face (F2F) and online sessions are compulsory and must be attended unless you have mitigating circumstances preventing you from attending the session.

F2F sessions are taught in an intensive block, with different slots to allow students to better manage their work and personal commitments.

Online synchronous sessions are scheduled between 18:00-20:00 SGT unless otherwise indicated in your module timetable and handbook.
